

Year 6 Autumn Term Home Learning Ideas  
*In Your Element*

1. Make a 3D volcano model
2. Write instructions for how to create a model volcano
3. Create Top Trump cards for volcanoes around the world
4. Write an adventure story set around an earthquake/tsunami/tornado/volcanic eruption
5. Write a diary of someone living near a volcano or who has survived an earthquake
6. Design a tornado proof house – think about the materials you will need and safety features. Label your design
7. Research and present findings in your own words on the 'The Ring of Fire'
8. Find out about what happened in Pompeii and Herculaneum and write a fact sheet
9. Write an interview of questions and answers with someone who saw Vesuvius erupt
10. Create an advice leaflet outlining what to do should a volcano erupt
11. Create a graph to show the number of people killed by major volcanic eruptions or earthquakes around the world
12. Write a newspaper report about a volcanic eruption /earthquake/tsunami including a headline
13. Create a word search using topic words.
14. Label a map of the world to show where tsunamis have occurred.
15. Research the benefits of living near a volcano
16. Draw a map showing the location of volcanic eruptions or tornadoes around the world

Please make sure that you write the task number on all homework completed. Remember that your homework should be completed in your book where possible, so make sure you try your best with content and presentation – you may even earn yourself a Homework certificate or house points!
